

EXOTICS IN CEREC

A-Hoy Mate!

Even though the memories of summer are fading fast and fall is drawing near, it's time to think about next summer and rewarding your staff for all their fine efforts and fill the sails of CEREC excitement. This is the fifth year Dr. Conrad is setting sail for the crystal blue waters of Cozumel, Mexico for a fun-filled program for doctors and crew members alike.

So, what does "EXOTICS IN CEREC" have in store?

- Three unit Lower Anterior bridge
- CEREC crown under partial
- Splinting pre-molars
- Advancement in Adhesive Techniques
- eMax Usage

This is a high value, low cost package that is designed to be treasure filled with information, fast paced and fun! If you need to motivate crew members to "sell" your dentistry for the "all CEREC" practice, then this is your passport! We will be providing you with the techniques designed to navigate new waters. Additionally, you will receive 6 hours of CE credits and a CD with all the PDF files containing the information provided in the course so you and your crew can have a ready reference when you return to your home port and review the information at your leisure.

We'll also be sharing information on our acclaimed Encyclopedia DVD Training Series!

The two 1/2 day lectures, Friday and Sunday, will be casual: shorts, tee's and sandals. Starting at 9:00 am and going until 12:30 pm on both days allowing you to have breakfast and lunch with your own crew. The ship is The Carnival "Ecstasy" which departs from the Port of Galveston, an easy 45 minute drive from Houston or reachable by cruise shuttle. Carnival does have transfers from Houston-IAH for \$40.00 and from Hobby airport for a \$30.00.

To register for the lecture contact Janie Bender @ 713-827-2227. You must also register for the cruise with Piazzo Travel @ 281-343-1946. You will need a Pass Port for this Cruise, so get it early.

The program sails Thursday thru Monday event to minimize time away and Cabins fill up quickly so we recommended you reserve you and your crew's rooms as soon as possible.

So there you have it, an opportunity to pick the brain of one of the top CEREC Clinicians in the United States mixed with a heavy dose of fun and sun that's guaranteed to put a smile on everyone's face.

For specific information on the program.
