Hi Janie,

I want to thank you for allowing me to assist with your cruise planning process. I've included the dates and pricing for a 4 day sailing on the Ecstasy for the timeframe you had requested. The pricing is based on double occupancy. Please review the chart below to help you select the date that works best for Dr. Conrad. The prices listed do not include taxes.

As I mentioned, you need to make a **group** deposit of \$50 for each cabin you want to hold for your event. This will allow you to reserve the space during your promotion period.

It is important to reserve the required space as soon as possible. Based on your attendance estimates I would need to negotiate with Carnival's event planning group to obtain the meeting space you need.

For double occupancy, an deposit of \$50 per person will be required at the time of booking. The reservation will be made on a guaranteed basis with no immediate cabin assignment.

For an inside or oceanview based on triple or more occupancy, a deposit of \$200 per person will be required. Not all cabins will accommodate this level of occupancy so a cabin assignment must be done at the time of the booking.

Suites and the new balcony class cabins that are being installed in October will also require a \$200 per person deposit at the time of the booking. The pricing for these will be market rate at the time of the booking.
